Summary

Computer science student, with a background of both college and personal studies.

Personal studies were focused on Java, Python and Web Developing technologies.

Obtained *Responsive Web Design* (Aug 31, 2020) and *JavaScript Algorithms and Data Structures* (Sep 10, 2020) certifications on freeCodeCamp.org.

Attended Pega Academy courses, obtaining *Pega System Architect v8.4* (Mar 07, 2021).

Education

Polytechnic University of Milan

Computer Engineering • Milano, Lombardy

Computer engineering studies, focusing on algorithms, databases, and some technical insights. Only missing graduation project.

A. Einstein High School

• Rimini, Emilia-Romagna

06/2011

Skills

- | | |
|-----------------|--------------------|
| • Pega Platform | • JavaScript |
| • CSS | • LaTeX |
| • Java | • HTML |
| • Python | • Microsoft Office |

Experience

ESIS Italia

Developer • Remote

02/2021 - Present

Started working on a Pega Platform based project with clients NetService SpA and other collaborators.

Helped build the Document Management System component for the project, steadily growing my knowledge of the platform.

Kasanova

Salesperson • Cesena, Emilia-Romagna

08/2020 - 02/2021

Worked both in customer relations and visual set-up.

Bagno Livio SNC

Beach staff • Rimini, Emilia-Romagna

06/2018 - 09/2019

I worked on both customer service/relations and beach maintenance. Great experience that made me grow in regards to dealing with customers and colleagues as well.

Bar ElDorado

Betting shop operator • Rimini, Emilia-Romagna

07/2015 - 02/2017

Worked for the betting circuit Better, handling sports bet as well as scratchcards.

ItaliaSmartphoneReview.it

Writer and device reviewer • Remote

07/2014 - 07/2015

Awesome experience with a tech news website, which I helped grow during the first stages of its existence. My job consisted of writing articles, producing a weekly YouTube video and reviewing occasional smartphones given to us by the manufacturers themselves.
